## **ANYTIME SCHOOL CONTRACT**

## **Credit Recovery Only**

Basic credit recovery courses are designed to meet SUHSD graduation requirements and are offered as non-college prep classes.

## A-G Grade Recovery

A-G grade recovery is designed to cover college prep curriculum via the use of online courses and resources provided by Shasta Union High School District (Edgenuity.com). Successful completion of a course with a grade of "C" or better will keep a student on-track for completing the University of California and California State University A-G course requirements and remain eligible for admission to UC and CSU schools. Not all A-G courses are available through SUHSD, if a student needs to make-up courses not offered by Shasta Union High School District, please contact your counselor for other available options.

The A-G curriculum requirements are standards set by both the University of California (UC) and the California State University (CSU) systems for admission. It must be noted, that the A-G requirements are different than the SUHSD graduation requirements, please check school website for graduation requirements. A student cannot receive a grade of "D" or "F" in any of the A-G classes as listed below:
